SPECIAL IMPORT LIST

Please Observe Date Limits

Crocus Longiflorus.

Crocus Speciosus Aitchisoni.

Spring Flowering Crocus Species.

AUTUMN-FLOWERING CROCUS

Orders must be placed before July 15th.

All too often are the Autumn Flowering Crocus confused with the Colchicum Autumnale and this confusion has resulted in the comparative obscurity of this gorgeous race of fall blooming Crocus. Suitable for border or woodland they are seen at their best in the rock garden planted among tufty growing sedums, arenarias, veronica repens and other carpeting plants.
